HARDWARE

8 - Toggle Bolt Assembly

1. Place the Toggle bolt thru the mounting hole in the billet grille. Then thread the wing nut portion of the toggle on to the just place bolt. Center billet grille into opening and simply line up the toggle wing with corresponding hole in stock bumper area and push toggle bolt thru then tighten up the toggle without over tightening. Repeat for the remaining bumper opening.

Completed Installation

For installation of billet grilles that require cutting of the stock shell, proper tools, knowledge and skill are needed. Carriage Works is not responsible for care & accuracy of the installation, only for Fit & Finish of its products. Use a qualified installer or contact original vendor for references to complete all instructions.

NOTE: Please adjust horizontal blades if irregular. This is the result of shipping and handling outside of Carriage Works control. Also Carriage Works Recommends applying a high quality automotive wax to maintain the original appearance.
