

2007 Infiniti FX-35

After

PART# 43391 (Brushed) 43392 - (Polished) 43393 - (Black) Upper

- 2 - Lower Brackets
- 2 - Upper Brackets
- 6 - U-clips
- 6 - #8 x 5/8" Phillips head screws
- 2 - 1/4-20 x 3/4" Soc Head Bolt
- 2 - 1/4-20 Nuts

Start by removing the plastic rivets across the top of stock grille shell.

Locate the (4) 1/4 turn bolts in each of the 4 corners of the stock grille shell. The stock grille shell will be free at this point.

Note: If installing the bumper grille please do so at this point it is much easier to reach the bumper area with the upper removed.

Attach bottom brackets to billet grille using supplied U-clips & #8 x 5/8" Phillips screws. Attach top brackets to billet grille using supplied U-clips & #8 x 5/8" Phillips screws, note that for the top brackets they are left and right specific. Next Place the billet grille into opening and center. Check for alignment and using a scribe or sharpie mark the hole locations for the bottom brackets where it meets the vehicle.

4

With The bottom holes marked, remove the billet grille from opening. Also remove the Lower & Upper brackets from billet grille. Using a 7/64" drill bit, drill in the just marked locations. Place a supplied U-clip on the under side of the just drilled locations. Then attach lower brackets to the U-clips using the supplied #8 x 5/8" Phillips head screws.

Attach upper brackets to the stock mounting hole locations as shown above. Then attach billet grille to the upper brackets using the supplied #8 x 5/8" Phillips head screws.

Completed Installation

For installation of billet grilles that require cutting of the stock shell, proper tools, knowledge and skill are needed. Carriage Works is not responsible for care & accuracy of the installation, only for Fit & Finish of its products. Use a qualified installer or contact original vendor for references to complete all instructions.

NOTE: Please adjust horizontal blades if irregular. This is the result of shipping and handling outside of Carriage Works control. Also Carriage Works Recommends applying a high quality automotive wax to maintain the original appearance.
