

# 2008 Nissan Titan (3pc) Bolt Over Logo Shows

After

PART# 44161 (Brushed) 44162 - (Polished) 44163 - (Black) Upper

shown with optional bumper grille Part#42152

## Hardware

- 8 - 10/32 x 1 1/2" Phillips head bolts
- 8 - 10/32 Nyloc Nuts
- 8 - Brackets

Using the supplied brackets and 10/32 x 2" bolts loosely attach as shown above. Repeat this process for the (2) outer billet grilles and also the Center.

To make installing the (2) outer billet grilles easier unclip the top of the stock shell by releasing the (4) quarter turn clips. This will allow you to reach behind the stock shell easier.

Place billet grille into opening and center. While guiding the brackets thru stock grille shell. Align billet grille with opening and tighten using an open end wrench and phillips head screwdriver.

Repeat process for the remaining billet grille inserts. After installing all billet grilles snap top portion of the stock shell in place. It maybe easier to remove the quarter turn fasteners and place them correctly in stock shell and then simply press stock shell into place.

## Completed Installation

For installation of billet grilles that require cutting of the stock shell, proper tools, knowledge and skill are needed. Carriage Works is not responsible for care & accuracy of the installation, only for Fit & Finish of its products. Use a qualified installer or contact original vendor for references to complete all instructions.

NOTE: Please adjust horizontal blades if irregular. This is the result of shipping and handling outside of Carriage Works control. Also Carriage Works Recommends applying a high quality automotive wax to maintain the original appearance.
