

2008 Nissan Armada Bumper Grille

PART# 44241 (Brushed) 44242 - (Polished) 44243 - (Black) Bumper

Hardware

- 4 - Brackets 
- 4 - 10-24 x 1" phillips head bolts
- 4 - 10-24 Fender Clips

Start by attaching the supplied brackets to the billet grille. Do so by placing the supplied 10-24 fender clip on the hole side of the bracket. Then place the 10-24 x 1" bolt into the mounting tab in billet grille and attach to the fender clip as shown.

Place billet grille into opening and center, rotate brackets as necessary in order to place billet grille.

With billet grille in opening rotate the bracket around so that they catch the stock vertical plastic in bumper opening and tighten (fig-b). Use of a small regular screwdriver will help in rotating the brackets as shown above.

Completed Installation

For installation of billet grilles that require cutting of the stock shell, proper tools, knowledge and skill are needed. Carriage Works is not responsible for care & accuracy of the installation, only for Fit & Finish of its products. Use a qualified installer or contact original vendor for references to complete all instructions.

NOTE: Please adjust horizontal blades if irregular. This is the result of shipping and handling outside of Carriage Works control. Also Carriage Works Recommends applying a high quality automotive wax to maintain the original appearance.
